STEAM WAND

The steel steam wand is adjustable and easy to clean.

WATER WAND

The separate water wand is extendable to suit all the operator's needs and it is possible to deliver water while brewing coffee.

MILK —

QUICK MILK PRO

For those locations offering a wide variety of milk-based beverages on their menu, Egro LAB has developed Egro Zero+ Quick Milk Pro. Thanks to the new pump module, located inside the fridge, the Quick Milk Pro ensures top quality milk-based drinks, allowing to adjust milk temperature and frothing levels for each beverage.

EXTRA-LARGE —

EXTRA-LARGE COFFEE-BASED BEVERAGES

The volumetric pump on the Egro Zero+ is perfect for the rapid and non-stop preparation of all Extra-Large coffee-based beverages.

SMART INTERFACE

INTERFACE

The Egro Zero+ menu enables the configuration and setting of 16 different beverages plus hot water and steam. It is possible to personalize the label and the description of each beverage.
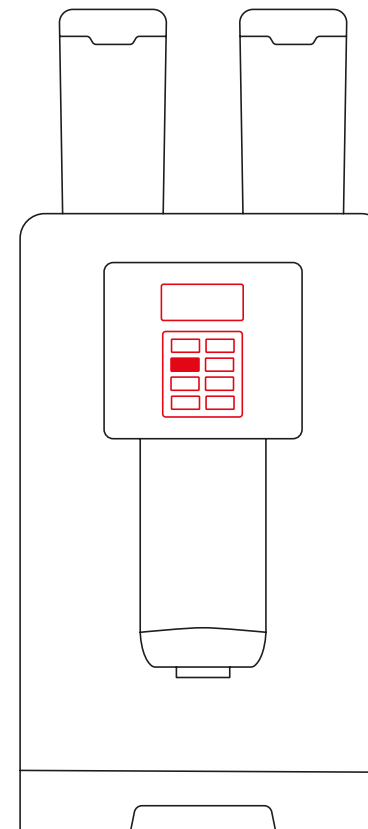

3 ACCESS LEVELS

Three dedicated menus offer baristas, managers and technicians the best user experience for their needs.

SELF-SERVICE MODE

Customers can prepare one drink at a time on their own, without the support of the staff.

BACKLIT KEYPAD

The user interface is intuitive and equipped with a backlit Keypad.

CLEANING AND MAINTENANCE

✛ CLEANING --

CLEANING

Fast and simple cleaning makes it easy to uphold high health and hygiene standards. Egro ZERO+ provides a cleaning system which guides users through the procedure. The user may rapidly and easily activate the complete cleaning cycle (6 minutes) with hot water and detergent by following the instructions as they appear on the display. The spout can be easily removed and cleaned.

RINSING CYCLE

A rinsing cycle start automatically at a preset time after the last beverage delivery.

✛ MAINTENANCE --

EASY ACCESS TO ALL COMPONENTS

Easy access to the main internal components to facilitate maintenance operations and ensure high reliability.

USB PORT

Zero+ comes with a USB port to transfer technical data and upload images and videos.

Ⓔ DURA BREW

The brewing unit is equipped with Dura Brew, the hermetic sealing system that reduces maintenance costs and the total cost of ownership.
